

# Nitra King® 22-3-9

**DESCRIPTION: A COOL SEASON FERTILIZER WITH 8% NITRATE NITROGEN**

**BENEFITS: BEST® NITRA KING® 22-3-9**

- is a professional fertilizer containing the proper ratio of nitrogen, phosphorus, potassium, iron, zinc, and sulfur.
- contains only enough nitrate nitrogen (8%) for quick green-up of turf. Minimizes nitrogen loss from nitrate leaching.
- the iron in NITRA KING® is part of a homogeneous pellet which virtually eliminates the possibility of staining valuable concrete walks, driveways, cart paths, mow strips, etc.
- lasts weeks longer than calcium nitrate.
- contains sulfate of potash. Fall is the most important season to apply adequate amounts of potassium to your turf.
